ORGANIZATION DEDICATED TO CREATING A HEALTHIER GENERATION

A CELEBRATION OF SINGLE MOTHERS

Who is Dedicated To Youth Foundation?

Dedicated To Youth Foundation is a new non-profit organization that has been created to focus on fitness, healthy eating, social skills, and building self-esteem amongst our youth throughout the state of Maryland.

What is the Event?

The Dedicated To Youth Foundation Single Mother's Celebration is one of our fundraising events that we will be conducting on a bi-yearly basis to give single mother's the opportunity to appreciate themselves and celebrate being a single mother, as this is not an easy job. This event will be more than women just gathering around to talk about hard times and struggles; this will be an event that will let single mothers forget about the hard times and focus on what is ahead. This day is for you, and you deserve to be honored as your children's mother.

All the single mothers in attendance will experience delicious food, entertainment, education, parental networking, pampering, customized gifts, are among a few of the attractions that will make this event like no other. This event will take place in the Baltimore-Washington Metro area and the expected total attendance for the event is estimated at 300.

Child Care

Statistics show that single mothers would like to get out more and enjoy themselves more but childcare can sometimes be an issue. Well, we do not want it to be an issue for you not to attend this exciting event. So, bring your child(ren) along, because there will be a separate room at the venue that will have certified child care providers, entertainers (clown, magic, etc.), and food for your child(ren) to enjoy while you experience a day of loving yourself at the Celebration of Single Mothers event.

What will I experience at the event?

Each attendee will receive the following:

- ◆ Full facial and make-over experience at the "New Me" Make-Over Lounge
- ◆ Instant photography with photos to take home in a lovely keepsake frame
- ◆ Massages, hand and feet treatments in the Rejuvenation Station
